

Using Listen Alaska on your iPad/iPhone

1. To download the Overdrive Media Console app and materials from the app you need to have a WiFi connection.
2. Go to the App Store.
3. Tap the grey search box in the upper RH corner.
4. Search for "overdrive".
5. Install the app titled Overdrive Media Console (blue icon with a white circle.)
6. Open the app.
7. Tap "Sign Up" if you do not have an overdrive account. (If this is your first time using the overdrive app on any device, you will need to make an account).
8. Tap "Sign In" if you would like to sign in with Facebook or have already made an Overdrive account on another device.
9. Fill in the corresponding blanks and click "Sign In" or "Sign Up".
10. You must now enter your Adobe ID and password. If you do not have an Adobe ID and password, tap the Grey box at the bottom of the screen which says "Create a free Adobe ID". Make sure you write this down, because you will need to enter it on the next screen.
11. Tap "Authorize".
12. You now need to set up your library. Tap the Menu Symbol (three parallel white lines) in the upper LH corner.
13. Tap +Add a Library.
14. Search for "99645".
15. Tap Matanuska Susitna Library Network.
16. Choose ListenAlaska.
17. The App is now set up. More help can be found at: <http://listenalaska.lib.overdrive.com>. Select the "Help" question mark symbol from the grey bar.
